Fix the ops. Free the team.

Who this is for

- £200+ per hour
- 5 to 10 hours lost per week
- UK or France based

What I do

I remove the admin eating your billable hours.

Example: A weekly client intake process that takes 4 hours, reduced to 15 minutes with a simple automated flow.

- ✓ **I run a diagnostic**
- ✓ **2 to 3 week sprint with immediate impact**
- ✓ **Quick wins implemented**

No ongoing commitment. No technical skills required from you and minimal input needed.

Results

- ✓ Hours of non billable admin reduced to **minutes**
- ✓ Client follow ups, scheduling and document prep **run on autopilot**
- ✓ **More billable hours** in your week without working longer days

If a task doesn't need your expertise, it shouldn't take your time.
